SOFTWARE ENGINEERING INTERN

SUMMARY

Computer Science and Engineering student with hands-on experience building full-stack, React-based and data-driven applications using JavaScript, PHP, MySQL and Python. Experienced in responsive web development, authentication, CRUD, API integration and data visualization. Seeking a Software Engineering or Full-Stack Development internship.

SKILLS

Programming Languages: Python, JavaScript, PHP | **Database:** MySQL | **Query Language:** SQL
Frontend Development: React.js, HTML5, CSS3 | **Web Technologies:** API Integration, JSON, Chart.js
Tools: Git, GitHub, VS Code, XAMPP, Vercel
Soft Skills: Teamwork, Communication, Adaptability, Leadership, Time Management

EDUCATION

B.Sc. in Computer Science & Engineering | Independent University, Bangladesh (IUB) | **Expected Graduation: 2027**
Relevant Coursework: Data Structures & Algorithms, Database Management, Object-Oriented Programming, Artificial Intelligence, Operating Systems, Web Application & Internet, Computer Networks, Cryptography & Network Security
HSC, Science | Ghatail Cantonment Public School & College | GPA: 5.00/5.00 | 2020
SSC, Science | Ghatail Govt. Gano Pilot High School | GPA: 5.00/5.00 | 2018

PROJECTS

Job Application Analytics Tracker | PHP, MySQL, JavaScript, Chart.js | **GitHub** | **Live Demo**

- Built a full-stack application tracker with authentication, CRUD, search/filtering and a responsive analytics dashboard.
- Implemented SQL aggregation, PDO prepared statements, password hashing, sessions, CSRF protection and user-level authorization.

Bangladesh Weather Analytics Dashboard | React.js, JavaScript, Chart.js, API Integration | **GitHub** | **Live Demo**

- Built a responsive React dashboard with live weather, 7-day forecasts, geolocation and interactive temperature/precipitation visualizations.
- Implemented asynchronous data fetching, reusable components, state management, React effects, loading/error handling and localStorage for favorites and recent searches.

Student Expense Tracker | PHP, MySQL, JavaScript | **GitHub** | **Live Demo**

- Developed a full-stack expense tracker with authentication, transaction CRUD, search/filtering and monthly financial summaries.
- Designed a relational MySQL database and implemented prepared statements, sessions, CSRF protection, validation and user-specific authorization.

Student Result Management System | Python, JSON | **GitHub**

- Built a modular Python CLI system for student CRUD, marks, grading, ranking, filtering and class/subject summaries.
- Implemented JSON persistence, file handling, input validation, searching/sorting and exception handling.

EXPERIENCE

Volunteer | IUB TechFest | 2024

- Assisted the organizing team with event coordination and participant support.

Participant | Intra-IUB Programming Contest (IIPC) | 2026

- Participated in an intra-university competitive programming contest, solving algorithmic problems using C++.

ACHIEVEMENTS

- **Champion** | Line Following Robot Competition | IUB TechFest | Autumn 2023
- **Runner-up** | Firefighting Bot Competition | IUB TechFest | Spring 2024

CERTIFICATIONS

- **React.js Training** | Creative IT Institute | 2025 | **Certificate**
- **AI+ Prompt Engineer Level 1™ Certificate** | AI CERTs | 2024 | **Certificate**
- **AgentX** | NetCom Learning | 2024 | **Certificate**
- **CCNA: Introduction to Networks** | Cisco Networking Academy | 2024 | **Certificate**

RESEARCH

Research Proposal Accepted | HCII 2026

“AI-Driven Interactive Web Platform for Promoting Bangladeshi Pottery Crafts”

EXTRACURRICULAR ACTIVITIES

- **IEEE IUB Student Branch** | Active Member | Jan 2023 – Jul 2026
- **JUKTI, Club of CSE** | Active Member | Jan 2023 – Aug 2026

LANGUAGES

Bengali: Native | **English:** Professional Working Proficiency
